

SMALL ANIMAL BOARDING IN THE BEAUTIFUL HAMPSHIRE COUNTRYSIDE

We are all animal-mad and take care of your pets with the same love, care and attention that we give our own. We understand how difficult it can be to entrust their care to someone you hardly know. Each animal is unique and we are able to adapt our care to meet the needs of your specific pet. Potential customers are encouraged to visit us to meet the team (both two-legged and four-legged), see our facilities and discuss any particular needs or queries you may have before making a final decision on booking.

PROVIDING YOUR PET WITH A 5-STAR HOLIDAY

NOT JUST A HUTCH!

What we offer...

We offer large, spacious accommodation as well as daytime exercise areas in our purpose-built "bunny paddock". Due to primarily being a rescue centre, we have plenty of experience and knowledge to care for animals with a variety of extra needs - we know that every animal is different! We provide fresh veg, hay and water as well as plenty of cuddles and grooming depending on your pet's normal routine.

What we need from you...

All you need to bring is your pet's normal food and any of their special toys to make them feel at home. We also ask you to send over copies of vaccination records when booking (rabbits only).
